Israel Feldman Factory Ltd. and the Tsion Boaron Butchers Retailer are calling for the recall of the products: the "Boaron" brand Homemade Style Kebab/Rumanian Kebab/Restaurants Hamburger.

E-coli O157 bacteria was found in a test conducted by the Food Service at the Central District Health Office.

In the products:

1. Homemade style kebab – brand name Boaron. Latest Date for Use: 14/09/20. Date of manufacture: 15/07/20.

Manufacturer's name: Israel Feldman Ltd. Retailer: Tsion Boaron Butchers at the address 2 Yahalom Netanya.

2. Rumanian kebab – brand name Boaron. Latest Date for Use: 14/09/20. Date of manufacture: 15/07/20.

Manufacturer's name: Israel Feldman Ltd. Retailer: Tsion Boaron Butchers at the address 2 Yahalom Netanya.

3. Restaurants hamburger – brand name Boaron. Latest Date for Use: 14/09/20. Date of manufacture: 15/07/20.

Manufacturer's name: Israel Feldman Ltd. Retailer: Tsion Boaron Butchers at the address 2 Yahalom Netanya.

Consumers who are in possession of the product/s are requested not to consume it/them.

The E-coli O157 bacteria (enterohemorrhagic) is liable to cause intestinal disease that is expressed in stomach aches, diarrhea, and even dysentery; in rare cases, the bacteria are responsible for creating renal failure syndrome mainly in the 0-5 year old age group.

The factory and the Boaron Butchers Retailer, in conjunction with the Food Service at the Ministry of Health, are collecting the products from the retailing channels.
